(Kindly note that the cashback of up to 8% mentioned in Clause 4.2 above does not apply to Groceries category; the cashback for Groceries category is capped at 6%, even if a Cardmember charges more than S\$1,600 in his/her spend on the Groceries category).
- 4.4. For the avoidance of doubt, if Cardmembers do not meet the required Minimum Spend for a particular calendar month, such Cardmembers will only receive 0.22% base cashback for that calendar month.
- 4.5. - 4.7. Maybank will use the date on which the eligible transactions are posted to the Cardmember's Card account to determine whether the Minimum Spend for a calendar month is met. Transactions made within a calendar month but are posted only to the Card account in the next calendar month will only be considered in the determination of whether the Minimum Spend has been met for the next calendar month.
- 4.8. Eligible transactions charged to a supplementary Card under the principal Cardmember that meet the requirements herein and fit into the relevant categories described above will be taken into consideration in the determination of whether the Minimum Spend for the principal Card has been met. Cashback earned from transactions charged to the supplementary Card will be awarded to the principal Cardmember's Card account.

In the event the outlet is not listed as an outlet of the merchant in the relevant Cashback Category in Maybank's records, the cashback will only be credited after Maybank has been informed by the merchant in the Cashback Category of the outlet and has updated its records accordingly. The cashback for the Additional Bonus Category will be credited together with the cashback for the Default Category or Selected Category (as the case may be).
