

# How to uninstall apps from your mobile device (page 1 of 2)

Step 1) Go to 'Settings' and tap on the search icon.

Step 2) Type "Apps" on the search bar to locate the setting. Tap on 'Apps'.

Step 3) Tap on the app that you wish to uninstall.

## How to uninstall apps from your mobile device (page 2 of 2)

Step 4) Under 'App details in store', verify the origination of the app. Only keep apps that are originated from official app stores (i.e. Google Play Store)

Proceed to uninstall the app by tapping on the icon.

Step 5) Tap 'OK' to uninstall the app.
