

How to de-register Secure2u

For Maybank2u SG app:

Entry point: Under Post Login > Settings > Secure2u.

For M2U SG (Lite) app:

Entry point: Under Post Login > Settings > Maybank2u > Toggle to deregister Secure2u

Select 'Yes' in the Deregister Secure2u screen.

Select 'Yes' in the Deregister Secure2u pop up after tapping on the toggle.

User will view status that Secure2u has been deregistered.
